Attestation

I, as the property owner of the address listed above, acknowledge that I am requesting to install equipment as described in this form in the location shown on the attached site plan. I acknowledge that I have submitted a site plan showing the proposed equipment location outside of the required setbacks on the property but have not provided a survey to verify that the parcel information shown on the site plan is accurate (the location of the property lines, proximity of the proposed equipment to required setbacks, etc.). Therefore, I acknowledge that the installation of the equipment is proceeding at my own risk. If it is later determined that any portion of the equipment permitted through this building permit encroaches into a required setback, the equipment will be required to be removed and/or relocated.
