**Present Land Use/Zoning/General Plan Designation:** The project site is currently developed with a 1,728-sf unoccupied, dilapidated commercial building, which was formerly a gas station repair shop and convenience store. Donner Creek is located in the northern portion of the site and flows from west to east. The remainder of the project site is primarily graded, compacted, or covered with gravel. The site is designated as Commercial by the Town of Truckee 2025 General Plan and zoned Highway Commercial (CH).

**Project Description:** The Mountain Brew Coffee Shop Project (proposed project) would include the renovation of the existing 1,728-sf single-story building to develop a dine-in coffee shop with dual drive-through lanes. The coffee shop would include food and drink preparation areas, an indoor pick-up counter, indoor and outdoor seating areas, and restrooms. A total of 22 automobile parking stalls would be provided in the northern and eastern portions of the site, including one Americans with Disabilities Act (ADA)-compliant parking stall. Primary site access would be from two existing driveways off of Cold Stream Road, which would allow vehicles to enter and exit the project site. The project would include site improvements, including landscaping; utilities and lighting improvements; a new café sign; and a new trash, recycling, and composting enclosure.
